

Engineering Some **Summer** Fun

Patton High Engineering Camp

In Conjunction with Lake James State Park

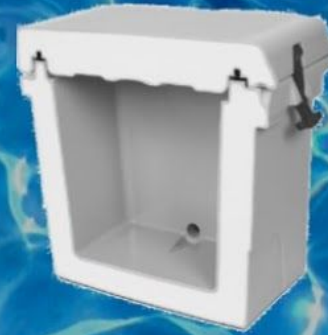

August 14th-18th

Cardboard Boat Design

Build and test a two person cardboard boat of your own design.

Keep it Cool

Build your own cooler to keep your drinks cool on testing day.

Give Me Shelter

Construct and test a sun shelter against the elements.

Solar Power Exploration

Explore applications of solar power.

-Camp Cost is \$25 but thanks to Gear Up, the fee is waived for the first 10 Freshmen and Sophomores. (Lunch IS NOT provided!)

-Camp will be held in Mr. Gantt's lab, room 805.

-Camp will finish with a day of testing with our friends at Lake James State Park!

-Space is LIMITED! Only 20 students will participate.

If interested contact Paul Gantt for a registration form.
